EXPERIENCE

FULL STACK WEB DEVELOPER

DBOX - NEW YORK NY | 2018 - PRESENT

DBOX is an international creative communications agency that develops innovative, strategic marketing campaigns in the sectors of luxury residential, hospitality, commercial, and cultural property.

- Played a key role in the full web design and development lifecycle, by providing design input and executing development, hosting, troubleshooting and maintenance.
- Aided in the development and maintenance of server-side tools powered by Node.JS and Express
- Employed Amazon Web Services for static site hosting using S3, EC2, CloudFront, and Route53
- Improved workflow by leveraging continuous integration and deployment with AWS CodePipeline and TravisCI
- Collaborated with graphic designers, UI/UX designers, CGI Artists, and client-facing project managers.

OWNER / CHIEF PHOTOGRAPHER

PRIZM IMAGERY - WESTHAMPTON NY | 2015 - 2018

- Coordinated and executed photography and cinematography for the sale of high-end real estate.
- Carried out all post-production related tasks using a variety of software including Adobe Photoshop, Premiere, and Illustrator
- Handled all client acquisition and relations. Including the creation of client-facing marketing materials.
